

## Post-Graduate Advanced Practice Provider Programs Conference October 28-29, 2017

### COURSE DESCRIPTION

This two-day conference will provide didactic and breakout sessions to allow for opportunities of discussion and networking. The conference will focus on the development and operationalization of an APP fellowship program. This program will explore the course design, competency development, learning methods, evaluation of outcomes through the lived experience, and strategies in attaining program accreditation. Participants will also have the opportunity network with other programs and discuss issues relevant to your clinical practice area.. Current and past graduates of APP fellowships are encouraged to actively participate during breakout, poster and networking sessions.

### Course Learning Objectives

- Analyze new approaches to enhance clinical and educational outcomes through the development of a APP fellowship program.
- Identify institutional readiness and successful methods for promoting the development of a APP fellowship at your organization
- Evaluate effective course and curriculum design to meet learner and stakeholder needs.
- Identify key features of goals and competency development
- Analyze learning and mentoring methods that can be applied to your program.
- Demonstrate methods to evaluate advanced practice skills
- Collaborate with other APP fellowship program faculty and fellows to identify best practice and translation of nursing science info clinical application.

### Intended Audience

This course is appropriate for nurse practitioners, physician assistants, nurse practitioner and physician assistant fellows, registered nurses, administrators, regulatory and state board of members interested in the topics of APP fellowships.

### Location

Mayo Clinic Hospital  
Waugh Education Center
